The INSEEC BBA is a 4-year Bachelor's degree (Bachelor in Business Administration) open to first-year candidates with a baccalaureat/high school diploma, or candidates who have successfully completed 2 or 3 years of undergraduate studies. With increased international exposure, it gives students the opportunity to spend more than 2 years abroad (internships, international campuses, study abroad programs). This 4-year Bachelor's degree validates the first year of Master's-level studies, and entitles students to follow a Master's degree.

TESTIMONIALS

Glegbeto, BENIN

«I chose to study in France for the quality of life in society. France is a very sociable and warm country. It's an amazing school and the teaching is very good! I now plan to finish my Master's degree, and if possible continue as a certified public accountant!»

Jessica, ITALIA

«Coming from a French school abroad, I wanted to continue my higher education in France, because the pedagogy and programs totally appealed to me. I had a lot of preconceived ideas because I had to start a 'new life' having never lived in France, but I was surprised to meet some great people too, with whom I got on well very quickly!»

Tanisha, INDIA

«I chose to study in Europe because of the wide range of courses offered in the field of luxury management. Student life is very pleasant in France. Being in Europe, you have the opportunity to explore more than one country because it's very well connected. For my luxury program, France and Italy are like the home of the concept, so being in Monaco is the perfect place. Monaco offers a unique opportunity to explore yachting and hospitality in a very special way.»
